Disclaimer

An investment in the Bonds, and generally in financial instruments, always involves risks for an investor, which makes it necessary for an investor to carefully investigate an investment in each individual case. Not least in an event of insolvency and/or liquidation, amounts payable on interest and/or the redemption of principal amounts may be lower and may result in a partial or even total loss of the funds invested. Furthermore, the Issuer points out that any income generated in the past is no indication of any future income. Past performance is not indicative of future performance whatsoever.

Potential investors are recommended to read the prospectus and the terms and conditions with respect to the Bonds before making an investment decision in order to evaluate and to fully understand the potential risks associated with the decision to invest in the Bonds.

By signing this subscription form, the undersigned confirms that he/she has read and understood the prospectus and the terms and conditions of the Bonds contained therein and that he/she has familiarised him/herself with the risks involved in an investment in the Bonds, in particular the risk of a partial or even total loss of the funds invested, which risk cannot be excluded.
